As we move through the first part of this storm season, the weather has been heating up and it's been a hot summer so far.

# Become a caregiver today!

Because of your monthly contributions, we are able to focus more on filling pre-made care boxes with non perishable energy food, sanitary supplies, pallets of water etc. We then roll out with these supplies to those areas affected by severe weather events. The Team and our supporters/ volunteers have been busy reaching out to those with an abundance of supplies including, masks and sanitizers, and coordinating with them what our needs are based on past missions. In doing so, we can fine tune our rescue efforts while adapting to the state to state mandates concerning COVID-19. You can sign up as a monthly caregiver when you purchase our gear or Donate on our website. Simply click monthly pledge and set amount. It's that simple.

In addition to this update we have added some new items to our online store that is available now for purchase, which all goes to support our rescue efforts with gas, heavy equipment, and other essential needs that help us deploy and help those in distress. You can check us out on Facebook, Twitter, YouTube, and Instagram as well as our website and online store. Once again we say "THANK YOU" on behalf of all the beneficiaries of your support throughout the years. In closing, we love to keep in touch with our supporters so send us a message just to say hello and introduce yourself or if you or someone you know needs assistance with a storm in their life. We have a big network!
